# AMEN ALLAH IBRAHMI

Business Computing Student

Ariana, Tunisia | +216 23 022 403 | amenallah.ibrahmi@esen.tn

## PROFESSIONAL SUMMARY

Third-year Business Computing student at ESEN (Université de la Manouba), with hands-on experience across full-stack web development, database design, and AI-assisted application building, gained through two internships and several academic and community projects. Combines technical delivery with leadership experience as President of ESEN Ambassadors. Seeking an internship in Web Development, Software Development, or AI-related application development.

## PROFESSIONAL EXPERIENCE

**Treetronix — Full-Stack Developer Intern** *June 16 – July 16, 2025*

- Developed a dashboard with a user authentication system using HTML, React, Node.js, and MongoDB.
- Built an inventory management module to track products and stock movements.
- Contributed to both front-end and back-end development of the application's core features.

**ENDA Inter-Arabe — Full-Stack Developer Intern** *July 17 – September 17, 2025*

- Developed J'Active, a platform supporting social inclusion and entrepreneurship initiatives.
- Built and integrated the website using HTML, CSS, JavaScript, PHP, and SQL.
- Designed and managed the database for user accounts and platform content.

## PROJECTS

**ESENet — Academic Project** *Grade: 20/20*

- Built a web platform connecting ESEN students, companies, teachers, and administrators.
- Implemented a social feed, job/internship offers, event participation, and an admin dashboard.
- Technologies: PHP, MySQL, CSS, JavaScript.

**Custom Sticker E-commerce Marketplace — Full-Stack Web Developer** *Personal Project*

*Live Website: https://lnkd.in/d8yPRkFa*

- Developed a complete e-commerce marketplace for selling custom stickers from scratch, covering front-end, back-end, and database design.
- Implemented product management, shopping cart, checkout, and order handling features behind a clean, user-friendly shopping interface.
- Technologies: HTML, CSS, JavaScript, PHP, MySQL.

**Bowstring Agency Website & KPI BOW — Full-Stack Web Developer** *University Team Project*

*Team: Mohamed Adel Amdouni, Kmar Mejri*

- Developed a professional website for a fictional event management agency as part of a Social Media & Community Management course.
- Collaborated on KPI BOW, a web service calculating Instagram and Facebook KPIs, tracking website traffic, and surfacing digital performance insights.
- Contributed to web development and database management as part of a team project.
- Technologies: HTML, CSS, JavaScript, PHP, SQL.

**E-Commerce: The Comeback — Web Designer & Developer**

*esenthecomeback.tn*

- Contributed as web designer/developer and event organizer for ESEN's 22nd-anniversary e-commerce event.
- Built key parts of the official event website presenting the program, speakers, partners, and registration details, using React and Node.js.
- Integrated Google Sheets for registration data management and a QR-code-based registration workflow.

## LEADERSHIP & EXTRACURRICULAR ACTIVITIES

**President — ESEN Ambassadors** *2024 – Present*

*École Supérieure d'Économie Numérique (ESEN), Université de la Manouba*

- Progressed from Media Manager (Responsable Média) to Vice-President and then President.
- Lead student engagement, team coordination, and event organization for the association.
- Oversee media communication and help incoming ESEN students integrate into university life.

**Other activities:** JOKER ESEN (2024 – Present) · Association de Robotique de l'ENSI (2025 – Present) · Green UMA ESEN (2025 – Present) · BIL: LPM (2023 – 2024)

## ENTREPRENEURSHIP

**National Student Entrepreneur Status (SNEE)** *2025/2026*
